Enjoy your karaoke sessions with the Karaoke Viewer and more! Each year, members of the Worldwide Organization of Reformed Baptist Churches (WORC) commemorate the first Baptist Church in America. This is a wonderful occasion to remember the thousands of heritages of those who built and made possible the great Reformational churches that we celebrate. This year, WORC will be holding a banquet in Saint Paul, Minnesota to celebrate the birth of these congregations. The first Baptist church in America was formed in 1628 in Philadelphia, Pennsylvania. We will also be celebrating the Founding of the First Baptist Church in Virginia. What is WORC? WORC is a denomination formed to commemorate the Baptist Reformers and their congregations who came from Europe into the colony of Pennsylvania, particularly into Philadelphia. Pennsylvania in its early years was located in the province of the Holland which was a flourishing commercial region in Europe. The Dutch explorers were able to establish good relations with Indians as they settled on the shores of the Delaware River. The first chapter of Baptists was formed in the Dutch Republic in 1607. The Baptists of the Netherlands Reforms were known as the Remonstrants because they were located in the center of the main reforming movement. In this section of the Dutch Republic, the Dutch Remonstrants were fleeing persecution from the Roman Catholic church. They fled to America as a haven for religious freedom and became a part of the colony of Pennsylvania. The Advent of the Baptists in America In the middle of the eighteenth century, about a hundred years after the Remonstrant Baptists fled Europe, some of the Dutch Remonstrants formed churches in the colony of Pennsylvania. They were persecuted by the local Mennonites because they wanted a separate place for public worship. Since the Baptists were persecuted, they continued to practice their faith in secret.
