Leadership & Self-Deception: Getting Out of the Box (Second Edition) [Arbinger Institute] at Amazon.com. *FREE* shipping for qualifying offers. Download it once and read it on your Kindle, PC. Note: I can't send the file to the mobile phone for reading. Still on Amazon.com ^^ . I have no idea why the readers would pay a little more for this book than for the other one. It only takes less time to read and has less pages than the first one. You are probably aware that the leadership book is no longer a "copyright free" title. But this is the best and most effective book out there. I recommend it for any business or organization that wants to reach the right audience.
